HAD COURAGE TO SPARE BUT STOLE CATTLE

**Man Who Undertook to Bulldoze
Buffalo "Rustled" Herd
of Stock**

Two years less one day in Federal Saskatchewan jail was the sentence given John A. Sparrow in the criminal court yesterday by his lordship Mr. Justice Walsh for the theft of 44 head of cattle to which he pleaded guilty some time ago. His lordship stated that he took into account

and the good name given him by responsible citizens who made representations on his behalf.

Ipsaw, when arrested at Walworth park with a heavy revolver on his belt, had been on contract with the movie people to build up a buffalo, but said the horse was not fast enough to allow him to get along side. His daring there bore out the stories of his bravery.

**CANADA FAVORED

SAYS PREMIER**

"The impression I got of conditions as I saw them in Europe and on the continent, more particularly what I learned in conversation with informed persons, and above all from the confidential inside accounts of foreign conditions as given in the discussion on foreign relations

nowhere on the face of the globe have men, women and children greater reason to be thankful to Providence for the part of the world in which their lot is cast than have the citizens of our own dominion."

"Britain is suffering because Europe is suffering and we on this continent shall never have the real prosperity to which we are entitled until peace and security are genuinely secured across the sea, and we find in Europe and in Great Britain alike the markets for much of our

of Europe alone but for our own good and for the good of the world at large and is one of the first duties which we owe to our so-called "brotherhood of man."

SEVERAL FINE ACTS ON BILL AT PANTAGES

The week's bill at Pantages is one of undoubted excellence and one that is almost sure to be popular with patrons of all classes.

There is a famous singer, who has appeared here before, has an act of great merit. He is smooth, and easy going in all his stunts, and of course he has a wide variety, all of which are first class. His act is funny, mounted and creative and of a very high standard. He is a very "wonderful" man. This is a marvelous instrument which seems to send out sound from all four corners of the theatre. All together this is a very fine act.

Harry Mackintosh and Buddy Biddle have an offering which deals with the lighter side of the sentimental question. Both are com-

plains of a high order. They have a happy family of pupils who have over in a most attractive form and they scored a 50 of no small proportion.

The New Ford Coupe

An entirely new body design of remarkable beauty as well as practical utility, is the distinguishing feature of the new Ford Coupe. The body lines follow in one graceful sweep from the new high radiator to the "Turtle-back" curve of the rear deck, which has been enlarged to conveniently accommodate bulky grips and packages. Upholstering is luxuriously deep both in the seat and back, the covering being of rich brown broadcloth with mahogany stripes. A recess shelf is provided behind the seat, for parcels.

Interior fittings include revolving window regulators, and door locks and handles finished in nickel. The large rear window is fitted with poplin shade in dull silvered mountings.

The windshield is surmounted by a broad sun-visor, which protects the eyes from glare.

As a handsome and practical all-weather car for town or country, the new Ford Coupe cannot be surpassed.
